

Lamborghini

Gallardo LP560-4

Redefinition of Aesthetics

The Gallardo 560-4 Coupé combines an aggressive muscular shape with simple, elegant contours. The redesigned front end is characterized by triangular and trapezoidal forms - two shapes that are highly typical of the Lamborghini design language. The new look has been enriched with larger air intakes ahead of the front wheels and new 19-inch "Apollo polished" alloy wheels, painted in matte black and featuring spokes in polished silver.

Audi

R8 V10 Plus

Redefinition of Performance

The Audi R8 V10 Plus Coupé is a masterpiece of engineering, blending an aggressive yet refined design with cutting-edge technology. The aerodynamic body is characterized by sharp lines and a low stance, optimizing both form and function. The iconic Singleframe® grille and striking LED headlights emphasize Audi's commitment to innovation and style.
